The Units being offered for public subscription have neither been approved nor disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of this KIM.

The date of this Key Information Memorandum is March 10, 2010

KEY INFORMATION MEMORANDUM

KOTAK EMERGING EQUITY SCHEME (An open-ended equity growth scheme)														
Investment Objective	The investment objective of the scheme is to generate long-term capital appreciation from a portfolio of equity and equity related securities, by investing predominantly in mid and small cap companies.													
Type of the Scheme	Open-ended equity growth scheme													
Investment Strategy	<p>The scheme will use bottom-up stock selection and invest across sectors and companies. To achieve the investment objective, the scheme will predominantly invest in equity and equity linked instruments of mid & small cap companies, i.e., companies that have market capitalisation lower than the large cap companies.</p> <p>For the purpose of determining market capitalisation, the scheme will follow the market capitalisation range provided by Value Research, or other such agency as may be designated by the AMC, at the end of every calendar quarter. As per the Value Research classifications as of December 31, 2009 Large Cap companies are defined as companies, which have market capitalisation above Rs. 17015.4 crores. Mid cap Companies are defined as companies, which have market capitalisation between Rs. 2559.11 crores and Rs. 17015.40 crores. Small cap companies are defined as companies, which have market capitalisation below Rs.2559.11 crores.</p> <p>The universe would also include those companies coming with the IPO and whose post issue market cap (based on the issue price) would fall under above-mentioned criteria.</p> <p>The investment strategy of the AMC is directed to investing in stocks, which, in the opinion of the Fund Manager, are priced at a material discount to their intrinsic value. Such intrinsic value is a function of both past performance and future growth prospects. The process of discovering the intrinsic value is through in-house research supplemented by research available from other sources.</p> <p>For selecting particular stocks as well as determining the potential value of such stocks, the AMC is guided, inter alia, by one or more of the following considerations:</p> <ol style="list-style-type: none"> The financial strength of the companies, as indicated by well-recognised financial parameters; Reputation of the management and track record; Companies that are relatively less prone to recessions or cycles, either because of the nature of their businesses or superior strategies followed by their management; Companies which pursue a strategy to build strong brands for their products or services and those which are capable of building strong franchises; and Market liquidity of the stock. <p>In an endeavour to preserve capital in bearish market conditions, the Fund Manager may invest in money or debt market securities up to 35% of the portfolio.</p> <p>The Scheme may invest in listed/unlisted and/or rated/unrated debt or money market securities, provided the investments are within the limits indicated in the Investment Pattern Table. Investment in unrated debt securities is made with the prior approval of the Board of the AMC, provided the investment is in terms of the parameters approved by the Board of the Trustee. Where the proposed investment is not within the parameters as mentioned above, approval of the Boards of both the AMC and the Trustee is taken before making the investment.</p> <p>The Scheme may also use various derivative products from time to time, in the manner permitted by SEBI.</p> <p>To avoid duplication of portfolios and to reduce expenses, the Scheme may invest in any other scheme of the Fund to the extent permitted by the Regulations. In such an event, the AMC cannot charge management fees on the amounts of the Schemes so invested, unless permitted by the Regulations.</p>													
Asset allocation Pattern of the Scheme (Indicative Allocation)	<p>The asset allocation under the Scheme, under normal circumstances, will be as follows:</p> <table border="1"> <thead> <tr> <th>Investments</th> <th>Indicative Allocation</th> <th>Risk Profile</th> </tr> </thead> <tbody> <tr> <td>Equity & Equity related Securities of which</td> <td>65% to 100%</td> <td rowspan="3">Medium to High</td> </tr> <tr> <td>• Mid & Small cap Companies</td> <td>65% to 100%</td> </tr> <tr> <td>• Other Companies</td> <td>0% to 35%</td> </tr> <tr> <td>Debt & Money Market Instruments *</td> <td>0% to 35%</td> <td>Low</td> </tr> </tbody> </table> <p>The asset allocation shown above is indicative and may vary according to circumstances at the sole discretion of the Fund Manager, on defensive consideration. Review and rebalancing will be conducted when the asset allocation falls outside the range indicated above. If the exposure falls outside the above range, it will be restored within 10 Business Days.</p> <p>If permitted by SEBI under extant regulations/guidelines, the scheme may also engage in stock lending, not exceeding 20 % of the net assets of the Scheme, provided the minimum corpus of the scheme is Rs.100 Crore. Investments will be made in derivatives instruments upto 35% of the net assets of the Scheme.</p> <p>* Debt instruments shall be deemed to include securitised debts and investment in such securitised debts shall not exceed 25% of the net assets of the scheme. The total investment value of equity, debt instruments and notional value of Investment in derivatives shall not exceed 100% of the net assets of the scheme.</p> <p>From time to time the Scheme may hold cash.</p> <p>For the purpose of determining market capitalisation, the scheme will follow the market capitalisation range provided by Value Research, or other such agency as may be designated by the AMC, at the end of every calendar quarter. For the purpose of monitoring the investment allocation between 'mid and small cap companies' and other companies, the definition as provided by the designated agency, currently Value Research, at the end of the previous calendar quarter would be considered and followed for the subsequent calendar quarter. The scheme will reset the allocation as per the new definition within 15 Business days from the receipt of such classifications.</p> <p>Over the last 8 quarters, the range has varied for midcap stocks in portfolio from 39% to 67% and small cap has varied from 9 % to 28%. The scheme has on an average invested around 60% of its corpus in midcap stocks and around 20% in small cap stocks.</p>	Investments	Indicative Allocation	Risk Profile	Equity & Equity related Securities of which	65% to 100%	Medium to High	• Mid & Small cap Companies	65% to 100%	• Other Companies	0% to 35%	Debt & Money Market Instruments *	0% to 35%	Low
Investments	Indicative Allocation	Risk Profile												
Equity & Equity related Securities of which	65% to 100%	Medium to High												
• Mid & Small cap Companies	65% to 100%													
• Other Companies	0% to 35%													
Debt & Money Market Instruments *	0% to 35%	Low												
Option/ Plans	Growth and Dividend (Payout and Reinvestment).													

The investment strategies and the investment objective of other existing equity schemes of Kotak Mutual Fund	Open ended Kotak Emerging Equity Scheme's investment strategy is different from the investment strategies and the investment objective of other existing equity schemes of Kotak Mutual Fund. Stated below are the key features of other open ended schemes of Kotak Mutual Fund.	
Particulars	Kotak Mahindra 30 Unit Scheme	Kotak Opportunities
Investment Objective	To generate capital appreciation from a portfolio of predominantly equity related securities. The portfolio will generally comprise of equity & equity related instruments of around 30 companies which may go upto 39 companies	The investment objective of the Scheme is to generate capital appreciation from a diversified portfolio of equity and equity related securities.
Investment Strategy	<p>The investment strategy of the AMC is directed to investing in stocks, which, in the opinion of the Investment Manager, are priced at a material discount to their intrinsic value. Such intrinsic value is a function of both past performance and future growth prospects. The process of discovering the intrinsic value is through in-house research supplemented by research available from other sources.</p> <p>For selecting particular stocks as well as determining the potential value of such stocks, the AMC is guided, inter alia, by one or more of the following considerations:</p> <ol style="list-style-type: none"> 1. The financial strength of the companies, as indicated by well recognised financial parameters; 2. Reputation of the management and track record; 3. Companies that are relatively less prone to recessions or cycles, either because of the nature of their businesses or superior strategies followed by their management; 4. Companies which pursue a strategy to build strong brands for their products or services and those which are capable of building strong franchises; and 5. Market liquidity of the stock. <p>Risk is managed by adequate diversification by spreading investments over a range of industries.</p>	<p>The Scheme will invest across sectors based on performance and potential of companies within the sectors. It will invest in a mix of large cap and mid cap stocks. This portfolio diversification is with a view to derive superior performance compared to other diversified equity schemes.</p> <p>Allocations between asset classes as well as the portfolio mix between large cap and mid cap stocks will be driven by the overall macro economic situation. The portfolio construction will be based on bottom up investment ideas.</p> <p>The restructuring witnessed amongst the Indian companies over the past decade has deepened and spread across sectors. Apart from the large companies, a lot of mid cap companies have restructured and become leaner.</p> <p>As the economic growth gathers momentum and becomes broad based it will benefit the mid cap companies. This will throw large number of opportunities in the mid cap universe. Along with the fact that mid cap stocks are generally available at lower valuations, they can also provide higher growth rates.</p>
Particulars	Kotak Contra	Kotak Midcap
Investment Objective	To generate capital appreciation from a diversified portfolio of equity and equity related instruments	The investment objective of the Scheme is to generate capital appreciation from a diversified portfolio of equity and equity related securities
Investment Strategy	<p>While investing in stocks of companies across the range of market capitalisation, the Scheme will follow a bottom up approach to identify the universe of companies. Bottom up approach de-emphasizes the relative significance of economic and market cycles, focusing instead on the analysis of individual stocks.</p> <p>Of the universe so defined, the Scheme's stock picking will broadly be guided by the following criteria: The companies which,</p> <ol style="list-style-type: none"> i) Are fundamentally sound and have long term growth potential, and ii) Have attractive valuations, which is the difference between the estimated intrinsic value of the business and its current market price. <p>While estimating the intrinsic value of a company, some or all of the following factors will be considered:</p> <p>The future growth potential of the company, acquisition values of similar companies in comparable times, its range of products and services, its competitive position in the industry, strength of its management, its financials, etc.</p> <p>The attractive valuation could be a result of an early identification of positive fundamental changes in the underlying company, such as significant cost cutting, launch of new products, expanding distribution network, consolidation in the industry, etc.</p> <p>In an endeavour to preserve capital in bearish market conditions, the Fund Manager may invest in money or debt market securities upto 35% of the portfolio.</p>	<p>The Scheme will invest predominantly (atleast 65%) in midcap stocks, which in the opinion of the Fund Manager offers above average earnings, growth potential and attractive valuation.</p> <p>To pursue its investment objective, the Fund Manager has the discretion to invest in other than mid cap stocks (stocks, which have a market capitalisation of above or below the market capitalisation range of midcap stocks) and related derivatives. On defensive consideration, the Scheme may also invest in debt and money market instruments.</p> <p>In order to build a diversified portfolio of investments, the Scheme will make investments across sectors. The Scheme will normally invest in companies, which have the following characteristics:</p> <ul style="list-style-type: none"> • Proven products and services, • Record of above average earnings growth and have potential to sustain such growth, • Stock prices that appear to undervalue their growth prospects, and • Companies, which are in their early and more dynamic stage of the life cycle, but are no more considered new or emerging.
Particulars	Kotak Lifestyle	Kotak Select Focus Fund
Investment Objective	The investment objective of the fund is to generate long-term capital appreciation from a portfolio of equity and equity related securities, generally diversified across companies, which are likely to benefit by changing lifestyle and rising consumerism in India .	The investment objective of the scheme is to generate long-term capital appreciation from a portfolio of equity and equity related securities, generally focussed on a few selected sectors.
Investment Strategy	<p>To achieve the investment objective, the scheme will invest in equity and equity linked instruments across the market irrespective of capitalisation. The scheme will use bottom-up stock selection and invest across industries and companies, which are expected to benefit from the rising household spending on consumer goods and services in India.</p> <p>The investment strategy of the AMC is directed to investing in stocks, which, in the opinion of the Investment Manager, are priced at a material discount to their intrinsic value. Such intrinsic value is a function of both past performance and future growth prospects. The process of discovering the intrinsic value is through in-house research supplemented by research available from other sources.</p> <p>For selecting particular stocks as well as determining the potential value of such stocks, the AMC is guided, inter alia, by one or more of the following considerations:</p> <p>The financial strength of the companies, as indicated by well recognised financial parameters;</p> <ol style="list-style-type: none"> a) Reputation of the management and track record; b) Companies that are relatively less prone to recessions or cycles, either because of the nature of their businesses or superior strategies followed by their management; c) Companies which pursue a strategy to build strong brands for their products or services and those which are capable of building strong franchises; and d) Market liquidity of the stock. <p>In addition to above, our fund management backed by proficient research team shall constantly strive to identify companies, which may benefit directly from rising consumerism and changing lifestyle in India. In an endeavour to preserve capital in bearish market conditions, the Fund Manager may invest in money or debt market securities upto 35% of the portfolio.</p>	<p>To achieve the investment objective, the scheme will invest in equity and equity linked instruments across companies irrespective of their market capitalisations. However, the Fund Manager will generally invest in a few selected sectors, which in the opinion of the fund manager have potential to grow. To that extent it would be a concentrated strategy but managed actively. Moreover there will not be any restrictions in terms of investment in a single sector or cap on floor of investment per sector. There will be concentration in the portfolio on certain select sectors, which are in the opinion of the fund manager expected to do well.</p> <p>The selection of sectors would be driven primarily by the growth prospects and valuations of the businesses over a medium to long term as per the discretion of the fund manager. The fund manager broadly follows the sector classification suggested by AMFI; however, the sector classification of an individual stock will be decided by the fund manager as per his/her understanding about the growth driver for that stock. For example, a company classified under consumer durables may be reclassified into real estate sector by the fund manager, if in the opinion of fund manager, the stock is doing and/or expected to do well because of its other revenues arising out of real estate transactions. The Sectoral focus of the scheme is restricted to investment in equity and equity related instruments and does not extend to debt securities. The total number of sectors focussed will be kept around 50% of the sectors represented in S&P CNX Nifty index; however the sectors/stocks selected may or may not be within the sectors represented in S&P CNX Nifty index.</p> <p>The sectors represented in S&P CNX Nifty index as on the last date of the previous quarter will be considered for selecting the sectors to be focused during the quarter. The asset allocation across the select sectors may be rebalanced in thirty days from the end of the quarter.</p> <p>The investment strategy of the AMC is directed to investing in stocks, which, in the opinion of the Investment Manager, are priced at a material discount to their intrinsic value. Such intrinsic value is a function of both past performance and future growth prospects. The process of discovering the intrinsic value is through in-house research supplemented by research available from other sources.</p>
Particulars	Kotak Equity Arbitrage	
Investment Objective	The investment objective of the scheme is to generate capital appreciation and income by predominantly investing in arbitrage opportunities in the cash and derivatives segment of the equity market, and by investing the balance in debt and money market instruments.	
Investment Strategy	<p>The scheme will endeavor to invest predominantly in arbitrage opportunities between spot and futures prices of exchange traded equities and the arbitrage opportunities available within the derivative segment. If suitable arbitrage opportunities are not available in the opinion of the Fund Manager, the scheme may predominantly invest in debt and money market securities.</p> <p>The fund manager will evaluate the difference between price of a stock in the futures market and in the spot market. If the price of a stock in the futures market is higher than in the spot market, after adjusting for cost and taxes, the scheme may buy the stock in the spot market and sell the same stock in equal quantity in the futures market simultaneously.</p> <p>For example, on 07-05-2008, the scheme buys 10,000 shares of Bharat Forge on spot @ Rs. 144.80/- and at the same time sells 10,000 Bharat Forge futures for May 2009 expiry @ Rs. 145.70. The scheme thus enters into a fully hedged transaction by selling the equity position in the futures market for expiry on 28-05-2009. If the scheme holds this position till expiry of the futures, the scheme earns an annualised net return (after adjusting brokerage, service tax and STT) of 8.34%, irrespective of what is the price of Bharat Forge on the date of expiry. On the date of expiry, if the price differential between the spot and futures position of the subsequent month maturity still persists, the scheme may rollover* the futures position and hold onto the position in the spot market. In case such an opportunity is not available, the scheme would liquidate the spot position and settle the futures position simultaneously.</p> <p>* Rolling over of the futures transaction means,</p> <ul style="list-style-type: none"> • Unwinding the short position in the futures and simultaneously buying futures of the subsequent month maturity, and • Holding onto the spot position. <p>There could also be instances of unwinding both the spot and the future position before the expiry of the current-month future to increase the base return or to meet redemption. Return enhancement through the use of arbitrage opportunity would depend primarily on the availability of such opportunities.</p>	

Risk Profile of the Scheme		<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:</p> <ol style="list-style-type: none"> The portfolio of Kotak Emerging Equity Scheme will comprise predominantly of equity and equity related securities and there could be Moderate to High risk on account of Price Fluctuations and volatility. The ability of the mid & small cap companies to withstand the change in the business cycle is limited, which may also lead to higher volatility in stock prices. Mid and small cap companies may lack depth of management, be unable to generate funds necessary for growth or development, or be developing or marketing new products or services for which the markets are not well established and may never become established. They could also suffer from disadvantages such as suboptimal technologies, lack of bargaining power with suppliers, low entry barriers, inadequate transparency & corporate governance, limited resilience to withstand shocks of business / economic cycles etc. Since this is a not a sector scheme and plans to invest across sectors, the concentration and sector risk is low. Since the liquidity in the stocks of mid & small cap companies is relatively lower than the stocks of large companies, the liquidity risk is also expected to be relatively higher. However, the diversification and flexibility to invest up to 35% in other companies (large companies) reduces the overall volatility and liquidity risk of the portfolio. Some investments may also be made in equity-based derivatives such as Options and Futures in which case, the risk associated with such derivatives would also be applicable. Different types of securities in which the scheme would invest as given in the SID carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. The Scheme may invest in corporate bonds. Corporate bonds carry higher amount of risk than government securities. Further, even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated. The scheme may from time to time invest in domestic securitised debt, for instance, in asset backed securities or mortgage-backed securities. Typically, investments in securitised debt carry credit risk (where credit losses in the underlying pool exceed credit enhancement provided) and the reinvestment risk (which is higher as compared to the normal corporate or sovereign debt). The underlying assets in securitised debt are receivables arising from automobile loans, personal loans, loans against consumer durables, loans backed by mortgage of residential / commercial properties, etc. 													
Applicable NAV for Purchases/ redemptions/ switches		<p>Applicable NAV for Purchases/Switch-ins:</p> <ol style="list-style-type: none"> Where the application is received upto 3.00 pm with a local cheque or demand draft payable at par at the place where it is received - closing NAV of the day of receipt of application; Where the application is received after 3.00 pm with a local cheque or demand draft payable at par at the place where it is received - closing NAV of the next business day ; and Where the application is received with an outstation cheque or demand draft which is not payable on par at the place where it is received - closing NAV of day on which the cheque or demand draft is credited. <p>Applicable NAV for Redemption/ Switch-outs:</p> <ol style="list-style-type: none"> Where the application received upto 3.00 pm - closing NAV of the day of receipt of application; and An application received after 3.00 pm - closing NAV of the next business day. <p>Further, where the AMC or the Registrar has provided a facility to the investors to redeem /switch-out of the Scheme through the medium of Internet by logging onto specific web-sites and where investors have signed up for using these facilities, the Applicable NAVs will be as provided above.</p>

GUIDELINES FOR FILLING UP THE APPLICATION FORM

1. GENERAL INFORMATION

- Please fill up the Application Form legibly in English in CAPITAL LETTERS.
- Please read this Memorandum and the Scheme Information Document before investing. Your application for allotment of units in the Scheme is construed to have been made with a full understanding of the terms and conditions applicable to it and the same is binding on you in respect of your investment in the Scheme.
- Application Form incomplete in any respect or not accompanied by a Cheque / Demand Draft are liable to be rejected. In case your investment application gets rejected on account of the same being incomplete in any respect, your investment amount would be refunded without interest within 30 days.
- if you wish to switch your existing investments from any Kotak Mutual Scheme to Kotak Emerging Equity Scheme, please fill in a Transaction Slip (available at all Official Acceptance Points). You can submit your switch request form along with Kotak Emerging Equity Scheme application form to your nearest Official Acceptance Points*. Please note that collection bank branches are not authorised to accept switch request.
- Any correction / over writing in the application form must be signed by the investor.
- AMC shall not be responsible for direct credit rejects or/payout delays due to incorrect/incomplete information provided by the investor.

2. APPLICANT'S PERSONAL INFORMATION

- If you are already a Unitholder in any scheme of the Fund and wish to make your investment in Kotak Emerging Equity Scheme. Please fill in the Name of Sole/First Holder & Account No. In Section 1, PAN details in Section 2 of the Application Form, and then proceed to Section 4.
- If you are applying for units in Kotak Mahindra Mutual Fund for the first time, please furnish your complete postal address with the Pin Code (P.O. Box No. Not enough) and your Contact Nos. This would help us reach you faster.
- Permanent Account Number (PAN) is Mandatory for all investors With effect from January 1, 2008, it is mandatory for all existing and prospective investors (including joint holders, guardians of minors/POA and NRIs) to enclose a copy of PAN card for investing in Kotak Mutual Fund Scheme.
- With effect from February 1, 2009, it is mandatory for all existing and new investors (including joint holders, guardians of minors, NRIs and POA holders) to be KYC compliant for investment => Rs. 50,000/-. Applications for subscription of value of Rs. 50,000 and above without valid KYC Compliance may be rejected. In the event of any KYC Form being subsequently rejected for lack of information / deficiency / insufficiency of mandatory documentation, the investment transaction will be cancelled and the amount may be redeemed at applicable NAV, subject to payment of exit load, wherever applicable. Such redemption proceeds will be despatched within a maximum period of 21 days from date of acceptance of application. Kotak Mutual Fund will not be held responsible and / or liable for rejection of KYC Form by the Central Agency.
- If you are KYC Complaint, your Change of Address, Change in Name, etc. should be given at CDSL Ventures Ltd. (CVL) for updation.
- If you have not indicated your Tax Status in the Application Form, the same would be assumed to be "Others"
- Non-Individuals: In case of non individuals, please submit Certificate of Incorporation, MoA - AoA, Board Resolution and List of Authorised Signatory.

3. BANK ACCOUNT DETAILS

- Please furnish the Name of your Bank, Branch and City (i.e. Clearing circle in which the branch participates). Account Type, Account Number and IFSC code/ RTGS code. This is mandatorily required as per SEBI. Applications without this information will be deemed to be incomplete and would be rejected.
- If your bank details, furnished in the Application Form is of any of the banks through which we offer a Direct Credit Facility (listed in the Application Form), Dividend / Redemption Proceeds will be directly credited to your Bank Account. An Account Statement confirming the transaction will be sent to you.

4. PAYMENT DETAILS

- Please specify your Investment Option in the Application Form. If you have chosen the Dividend Option, please indicate whether you would like a payout or re-investment of your dividend
- Cheques should be crossed "A/c Payee Only" and drawn in favour of "Kotak Emerging Equity Scheme". Please mention the application number on the face of the cheque. In case of existing investor write folio number.
- During the New Fund Offer, Application Form along with the Cheque/ Demand Draft may be lodged with Official Collection Centres
- If you are residing / located in a city / town where we do not have an Official Collection Centre, please draw a demand Draft Payable at your nearest city where we have an official collection centre.
- Payment by Cash, Stock invests, Outstation Cheques and Non-MICR Cheques will not be accepted. Post dated cheques will not be accepted.
- NRI investors are requested to provide debit certificate from their bank for investing in Kotak Mahindra Mutual Fund Scheme.

5. NOMINATION AND POA HOLDERS / GUARDIAN DETAILS

- The nomination can be made only by individuals applying for / holding units on their own behalf singly or jointly. Non-individuals including society, trust, body corporate, partnership firm, Karta of Hindu Undivided Family, holder of Power of Attorney cannot nominate. If the units are held jointly, all joint holders will sign the Nomination Form.
- A minor can be nominated and in that event, name and address of the guardian of the minor nominee shall be provided by the unitholder. Nomination can also be in favour of the central government, state government, a local authority, any person designated by virtue of his office or a religious or charitable trust.
- The Nominee shall not be a trust (other than a religious or charitable trust), society, body corporate, partnership firm, Karta of Hindu Undivided Family or a Power of Attorney holder. A non-resident Indian can be a nominee subject to the exchange control regulations in force, from time to time.
- Transfer of units in favour of a Nominee shall be valid discharge by Kotak Mahindra Asset Management Company Limited against the legal heir.
- The cancellation of nomination can be made only by those individuals who hold units on their behalf singly or jointly and who made the original nomination. On cancellation of the nomination, the nomination shall stand rescinded and Kotak Mahindra Asset Management Company Limited shall not be under any obligation to transfer the units in favour of the Nominee.
- Nominees Signature is optional.
- If the percentage is less than 100% then the balance will be re-balanced to the first unitholder. If percentage is greater than 100% then the nomination would be rejected.
- PAN of POA / Guardian is mandatory. Applications without this information will be deemed to be incomplete & would be rejected.

6. KOTAK FACILITIES

- If you have an E-Mail address, you can choose to receive E-Mail communication from us in lieu of printed communication. Please furnish your E-Mail ID and indicate the nature of communication you wish to receive over E-Mail.
- If you wish to view your investments or transact over the Internet, please indicate your preference for the same and we would send you the relevant forms to initiate the facility.

7. DECLARATION AND SIGNATURES

- Signature can be in English or in any other Indian language. Thumb impressions must be attested by a Magistrate or a Notary Public or a Special Executive Magistrate under his/her official seal.
- Applications by minors must be signed on their behalf by their guardians.
- If you are investing through your constituted attorney, please ensure that the POA document is signed by you and your constituted Attorney. The signature in the Application Form, then needs to clearly indicate that the signature is on your behalf by the Constituted Attorney.

(Applications not complying with any of the above instruction/guidelines would be rejected.) *Please refer our website www.kotakmutual.com, (i.e. Locate us page)
